

APPLICATION FOR PERMIT

Serial No. 17263

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office MAY 13 1957
Returned to applicant for correction
Corrected application filed

The undersigned Genevieve Jennings

Name of applicant

of Las Vegas, County of Clark,

State of Nevada, hereby makes application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.)

1. The source of the proposed appropriation is Las Vegas Artesian Basin
Name of stream, lake or other source
(underground)

2. The amount of water applied for is 0.20 second-feet.
One second-foot equals 40 miners' inches

3. The water to be used for Air-conditioning heating and cooling

Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:

NE¹ NW¹ Section 12, Township 20 South, Range 60 East, M.D.B.&M., or

Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
at a point from which the NW corner of said Section 12 bears North 67° 45' 30" West a distance of 2268.00 feet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is

(b) Description of land to be irrigated

Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about _____ and end about _____, of each year.

Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is _____ horsepower.

(e) Place of use NE¹ NW¹ Section 12, Township 20 South, Range 60 East, M.D.B.&M.

Give location of place of use by legal subdivision

(f) Point of return of water to stream NE¹ NW¹ Section 12, Township

Describe in same manner as point of diversion

20 South, Range 60 East, M.D.B.&M., or at a point from which the NW corner of said Section 12 bears North 68° 15' 10" West a distance of 2315.00 feet.

(g) State number and kinds of animals to be watered

2315.00 feet.

(h) Use will begin about Jan. 1 and end about Dec. 31, of each year.

Month Month

(i) Remarks

DESCRIPTION OF PROPOSED WORKS

These wells will be drilled to a depth of approximately 100 feet, and will be cased and cemented to this depth with perforations in both wells at the same level.

5. Estimated cost of works \$3000.00

6. Estimated time required to construct works 60 days

7. Remarks These wells are to be used as air-conditioning wells, the source well and the return well ^{for water supply} will both be cased and cemented down approx. 100 feet. The water will be taken from the source well and piped through the 100 ton air-conditioning unit and returned to the source through the return well at the same level without consuming any of the water. These wells will be used for air-conditioning (heating and cooling) in conjunction with a convalescent home to be constructed on this site.

Genevieve Jennings, Applicant.

, Engineer.

PERMIT NO. Bulletin APPROVAL OF STATE ENGINEER

DATE Jan. 17, 1957

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions. This permit is issued subject to all existing rights on the source. This source is located within an area designated by the State Engineer pursuant to Sec. 4 of the 1939 Ground-Water Act (Chap. 178, Stats. 1939 as amended); therefore the State retains the right to regulate the use of the water herein granted at any and all times. It is understood that the water be returned through a return well to the same aquifer from which it is obtained and the perforations in the return well be so constructed to meet this condition; that the system be a closed system so that no pollution can occur and that if there is faulty construction of the wells or system so as to cause pollution to the ground water, the State Engineer is empowered to cause the wells to be plugged.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.20 cubic foot per second.

Actual construction work shall begin on or before June 2, 1958.

Proof of commencement of work shall be filed before July 2, 1958.

Work must be prosecuted with reasonable diligence and be completed on or before June 2, 1959.

Proof of completion of work shall be filed before July 2, 1959.

Application of water to beneficial use shall be made on or before

June 2, 1961. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 2, 1961.

MAP FILED December 21, 1957 under J6794
